Help your
child achieve
a recognised
qualification

Key information for Parents, Carers and Guardians

What has my child signed up to do?

Your child has been selected for an **exciting opportunity** to achieve a **BTEC Level 2 qualification** in Teamwork and Personal Development in the Community – a **nationally recognised qualification worth £1,250**. It formally recognises the valuable skills they've developed through participation in their cadet or youth organisation and is **highly valued by colleges, universities, and employers**.

How long will it take to complete?

The **qualification is flexible** and can be completed at your child's **own pace**, fitting around school and other commitments. The **only requirement** is that the mandatory unit must be completed within four weeks of receiving their welcome letter, either online via Moodle or using paper workbooks. **Existing achievements**, such as cadet or youth group qualifications and The Duke of Edinburgh's Award, **may count towards the qualification**, reducing the workload.

Why is it worth the time and effort?

Your child will gain a **recognised qualification that boosts their CV** and helps them **stand out when applying** for college, university, apprenticeships, employment, or a career in the armed forces or other uniformed public service. It shows they've developed the **essential employability skills valued by employers and educators**.

Will they receive support?

Yes – our Teaching and Learning team works closely with trusted adult volunteers in your child's organisation to **support them every step of the way**. Your involvement matters too. By encouraging progress, helping with time management, and checking in regularly, you can help them **stay on track and succeed**.

What happens next?

You and your child will receive a **welcome email** from Cadet Vocational College with **clear instructions** on how to **get started**.
